BRETZ SIDE TABLES

Philosophie

»Our coffee tables are the perfect sofa sidekick. But even as supporting actors they still have an important part to play – keeping snacks, glasses and magazines out of the way of the couch in the starring role.«

They are not always the eye catcher in the living room, because the eye catcher is usually an inviting sofa. But at a second glance, different statements are hidden in there, which not only serve their purpose of holding your tea mug or the glass filled with red wine, but also to persuade with their finesse and their adaptability:

Our Bretz coffee and side tables. Every Bretz coffee table is a feast for the eye and thus a suitable escort is found for every living room. From our solid table STEALTH to the elegant OHLINDA. From the contemporary table DISQOU to the upholstered and mirrored table CLOUD 7.

STEALTH

Bright like a diamond

Stealth may be camouflaged but it's still an eye-catcher. A solid character – with a few rough edges.

A statement piece for the living room with a touch all its own, bright like a diamond.
